

Aircraft Maintenance Engineers Technology

The Aircraft Maintenance Engineers Technology program offers the student the knowledge and skills required to enter a career as an Aircraft Maintenance Technician. Once employed in the aviation industry, students may work toward the Aircraft Maintenance Engineer "M" (AME) license. An Aircraft Maintenance Technician/Engineer is responsible for the servicing and repair of aircraft and aircraft components.

The program covers all the aspects of aircraft maintenance including general aviation, corporate, charter, transport category aircraft, and helicopters. This is a two-year diploma program and all classes are scheduled at the Art Smith Aero Centre for Training and Technology, located at the Calgary International Airport.

Some of the courses in this program are web-based and will require the students to access information from the Internet. These courses are delivered in one of the two computer labs available at the Art Smith Aero Centre. Students are not required to purchase a laptop for this program.

Is this the right fit for me?

Most successful students spend approximately two hours per day doing homework and review, with additional study required to prepare for exams.

The material is presented at a fairly rapid rate so, for the greatest level of success, students must be present and take responsibility for their learning experience.

Students must be able to read, write and comprehend the English language at a level exceeding basic conversational English. Students with higher grades in high school usually experience more success in SAIT's programs.

Accreditation

The program's accreditation is ongoing and subject to periodic audits from Transport Canada. Students achieving 50 per cent or higher in each course as well as maintain a 2.0 GPA will receive a SAIT diploma.

Graduates who are in compliance with the required attendance (95%) and minimum marks of 70% in each course will receive Transport Canada credit of 18-months' work experience towards the "M" category AME license.

Credential

Upon successfully completing this program, graduates will be awarded a SAIT diploma in Aircraft Maintenance Engineers Technology.

Admission requirements

Application dates

Applications are accepted until the program start date but are subject to change.

- **Fall 2022 start:** applications open Oct. 6, 2021.
- **Winter 2023 start:** applications open March 30, 2023.
- **Spring 2023 start:** applications open June 13, 2022.

Program requirements

At least 50% in the following courses or equivalents:

- Math 30-1 or Math 30-2 or Pure Math 30 or Applied Math 30, and
- English Language Arts 30-1 or English Language Arts 30-2
- All applicants must demonstrate [English language proficiency](#) prior to admission, including students educated in Canada.

SAIT accepts [high school course equivalents](#) for admission. If you don't meet the requirements, consider [Academic Upgrading](#).

SAIT evaluates international documents for admissions. After you've applied, consider our [international document assessment](#) service

if your education is from outside of Canada. SAIT may also accept courses completed at certain international post-secondary institutions. Find more information [here](#).

Direct entry: four-step process

Step 1: Read the program information to see the qualities needed for student success.

Step 2: Ensure that you meet all of the admission requirements listed above.

Step 3: [Apply](#) and submit your [transcripts](#) and/or anticipated final grades.

- Admission will be extended on a first-qualified, first-offered basis until the program is full.

Step 4: Log in to [mySAIT.ca](#) to check your admission status and monitor changes to your [application status](#).

Failure to meet anticipated final grades will result in offers being rescinded.

Communication during admission

Email is the primary source of communication during the selection process. Ensure your personal email account is managed appropriately to receive our emails, files and communications. We recommend you add the transportation.info@sait.ca domain to your safe senders' list or you risk missing critical email messages.

Costs 2022/23

Domestic tuition and fees

Cost per credit: \$195

Year	Number of semesters	Tuition fees	SAIT fees	Saitsa fees*	Total
1	2	\$5,850	\$916	\$553	\$7,319
2	2	\$5,850	\$916	\$553	\$7,319

International tuition and fees

Cost per credit: \$571.60

Year	Number of semesters	Tuition fees	SAIT fees	Saitsa fees*	Total
1	2	\$17,148	\$916	\$553	\$18,617
2	2	\$17,148	\$916	\$553	\$18,617
