

Fitness and Wellness Management

SCHOOL OF HEALTH AND PUBLIC SAFETY

Overview

Do you like to motivate others to live a healthier lifestyle? Do you care about supporting people in their health and wellness journey?

Our Fitness and Wellness Management program is designed for those passionate about health and well-being.

In this program, you will:

- learn about the physical and mental aspects of healthy living
- understand the psychological factors affecting physical fitness and sports
- apply knowledge of anatomy, exercise physiology, and biomechanics
- create tailored fitness programs for diverse client needs
- master the art of conducting safe and effective fitness assessments and evaluations
- discover fitness activities unique to specific geographies and climates
- study nutrition to support clients' health and wellness goals
- develop business acumen for managing and growing fitness programs
- learn strategies to attract and retain program members
- acquire digital skills for online fitness coaching and program delivery
- enhance your ability to motivate, understand, and support clients.

You will graduate with health and performance-related physical and physiological fitness certifications, opening up many career opportunities, including roles as a group exercise instructor, personal trainer, program designer, wellness coach, youth program facilitator, fitness manager, and development coach.

If you want to make a tangible impact on community health, fitness and wellness and are keen on pursuing a career that offers both personal fulfillment and professional growth, this program is for you.

Traits, skills and aptitudes

Those in fitness and wellness management tend to be social, methodical, and innovative.

You need:

- emotional maturity and a healthy lifestyle
- self-confidence
- honesty, patience and empathy
- to be highly organized
- the ability to motivate and encourage people
- the ability to think quickly and adapt to unexpected changes.

Some occupations require shift work and extended hours, including nights and weekends.

You should enjoy living a healthy lifestyle, developing new ways to promote good health and helping others achieve personal health goals.

You are strongly encouraged to refer to the [ALIS website for career, learning, and employment information for personal trainers](#) and [group exercise leaders](#) to ensure you can successfully meet the occupational requirements for the program and profession.

Academic path

The opportunity to advance your education by transferring into this program or gain credit for previous postsecondary courses may be available.

There may also be opportunities to further your education once you graduate.

Learn more about [program and institution transfer options](#).

Professional designations and certifications

You will graduate with the Health and Fitness Federation of Canada Certified Personal Trainer (HFFC- CPT) certification.

You'll also be ready to take the Canadian Society for Exercise Physiology Certified Personal Trainers (CSEP-CPT) exam.

Credentials

Upon successful completion of this program, you'll be awarded a SAIT Fitness and Wellness Management diploma.

Practicum, Co-op and Work Integrated Learning

You will participate in two practicum placements, one in the last semester of each year. Your second practicum includes a six-week, full-time work placement where an industry partner will supervise and evaluate you.

You will be assigned practicum placements with consideration given to your preference of location. However, due to limited availability in Calgary, it might be necessary for you to travel or relocate outside the city.

Special considerations will not be accommodated. You will be responsible for covering the associated fees of the practicum, including entrance requirements, relocation, and travel costs.

In compliance with the practica agreements with our clinical partners, you will be required to provide specific documentation before you can participate in your practicum. [Find out what requirements you need for this program](#).

International students must also complete their [Immigration Medical Exam \(IME\)](#) and obtain a [co-op work permit](#) to attend this practicum. For more information, please contact the [International Centre](#).
