   a) Consult with the school or department to ensure that the message meets CASL requirements;

   b) Ensure the recipient’s express consent or implied consent;

      i) Express consent is explicit, opt-in confirmation that the recipient of the message has agreed to receive commercial electronic messages. Although the recipient may provide this express consent verbally, it is preferable for consent to be in writing, through the forms located on SAITNOW and externally on sait.ca. Express consent lasts until the recipient of the message revokes the consent.

ii) Implied consent arises when the recipient of the message has an existing business relationship with SAIT; has previously received or purchased products or services from SAIT; has either given SAIT or has conspicuously published business contact information; or has a non-business relationship with SAIT, such as is the case with an alumnus, donor or volunteer. Implied consent lasts for two years from the recipient’s last date of contact with SAIT or until the recipient unsubscribes.

c) Include the following in the commercial electronic message:

i) An unsubscribe mechanism;

ii) The mailing address, telephone number, email address or web address for the unit (or a link to a site containing this information); and

b) Follow and update its records according to the records management procedures outlined below; and

c) Consult with and obtain guidance from SAIT’s CASL officer, as needed.

3. Guidelines on CASL’s applicability to specific types of SAIT messages are set out in Schedule A, an Associated Document to this procedure.

*The official controlled version of this document is held in the Board of Governors Office.*
c) Including the SAIT commercial electronic message opt in/out form/link when sending commercial messages; and

2. SAIT’s CASL officer is responsible for:
