Any violence, physical or psychological, carried out through sexual means or by targeting sexuality. Sexual violence may be characterized by a broad range of behaviours that involve the use of force, threats, threats to a third party, or control towards a person, which makes that person feel uncomfortable, distressed, frightened, threatened, or that is carried out in circumstances in which that person has not freely agreed, consented to or is incapable of consenting to. Examples of sexual violence include but are not limited to stalking, indecent exposure, voyeurism, distribution of sexually explicit photographs or recordings, online activities and stealthing (i.e. removing a condom without the consent of a sexual partner) This definition applies to either a single incident or a pattern of behaviour.

This includes but is not limited to field schools, program-specific study tours, subject-specific study tours, service learning programs, conferences, student competitions, semester exchanges, organized sports competitions, workplace experiential learning placements, other extracurricular activities and student research projects. See procedure [AC.2.13.2 Study Abroad](#) for further information.

**Survivor**

A member of the SAIT community who has been subjected to an act of sexual assault, sexual violence, or gender-based violence. While ‘survivor’ is used in this policy and procedure, ‘a person who experienced sexual violence’ is another term that can be used.

**Work-integrated learning**

Activities that integrate academic learning in a SAIT program or course with practical applications in a real-world setting. See procedure [AC.2.20.1 Work-Integrated Learning](#) for further information.

**GOVERNING PRINCIPLES**

1. This policy applies to all members of the SAIT community while engaged in any activity related to their employment, contract, studies or association with SAIT. It applies to:

*The official controlled version of this document is held in the Board of Governors Office.*

- a) The workplace and learning environment, both on and off the SAIT campus (for example, home offices, SAIT-sponsored functions, SAIT-supported initiatives, business trips, conferences, social gatherings, online communications, and telephone calls).
  - b) SAIT-related educational activities, such as field trips or study abroad activities and work-integrated learning sites.
2. SAIT recognizes that sexual assault is a criminal offence and a workplace hazard in Canada. SAIT has responsibilities in preventing and responding to sexual assault, sexual violence and gender-based violence and recognizes the prevalence of this type of violence on post-secondary campuses. SAIT supports survivors of sexual assault, sexual violence, and gender-based violence and holds members of the SAIT community who commit such acts of violence accountable to protect the SAIT community's health and wellbeing and to ensure SAIT's orderly function.
  3. SAIT recognizes an individual's inherent right to exercise full control over their own bodies and to engage only in consensual sexual activity. Whether a person has consented to engage in sexual activity is governed by this policy's definition of consent and the principles identified on the [Sexual and Gender-Based Violence webpage](#) on [sait.ca](#).
  4. Survivors have the right to receive support from SAIT and to decide whether and to whom to disclose or to report an incident of sexual assault, sexual violence, or gender-based violence (although in some situations, SAIT may be required to launch an investigation and/or inform Calgary Police Services regardless of the survivor's consent). Survivors have the right to be treated with dignity and respect. Survivors are not to be blamed or judged for any drug/alcohol use around the time of the incident, or for their dress, conduct, emotional disposition, past sexual history or timing of their disclosure or report. Survivor rights are set out in greater detail in accompanying procedures [HS.1.6.1](#), [HS.1.6.2](#) and [HS.1.6.3](#).
  5. Respondents have the right to be made aware of and to have the opportunity to respond to allegations against them, to have access to and support from SAIT's internal resources, and to be treated with dignity and respect. Respondent rights are set out in greater detail in accompanying procedures [HS.1.6.1](#), [HS.1.6.2](#) and [HS.1.6.3](#).
  6. A member of the SAIT community who is alleged to have committed an act of sexual assault, sexual violence, or gender-based violence may be subject to proceedings under the criminal justice system or civil proceedings in addition to any investigation or proceedings that SAIT undertakes. SAIT's investigative and adjudication processes and outcomes will remain separate to external proceedings under the civil or criminal justice system.

***The official controlled version of this document is held in the Board of Governors Office.***

7. The confidentiality of all persons involved in a disclosure or report of sexual assault, sexual violence, or gender-based violence, including the survivor and/or complainant, the respondent and all witnesses will be strictly observed, subject to the requirements of the law and SAIT's investigative processes. However, confidentiality cannot be assured if an individual is at imminent risk of self-harm or at risk of harming others and/or if there are reasonable grounds to believe that others in the SAIT community may be at risk of harm. In such situations, information will only be shared as necessary to prevent harm.

## PROCEDURE

1. SAIT shall take a variety of proactive measures to provide education, training and information about sexual assault, sexual violence, and gender-based violence and their impacts. Measures include, for instance, maintaining the Sexual Assault, Sexual Violence and Gender-Based Violence Prevention and Response Committee; providing appropriate resources and institutional support regarding education, awareness, and support; and providing mandatory training for employees who provide health and counselling services to students, who receive disclosures/reports, and/or who investigate reports. For further information, see accompanying procedure [HS.1.6.1](#).
2. A member of the SAIT community who has experienced sexual assault, sexual violence, or gender-based violence may choose to disclose or report the experience to another member of the SAIT community or to SAIT's Discrimination and Harassment hotline. An employee's obligations on receiving a disclosure or report are set out in accompanying procedures [HS.1.6.2](#) and [HS.1.6.3](#).
3. A report involving a student respondent will be investigated and managed by the Office of Community Conduct as per procedure [AC.3.4.4 Student Non-Academic Conduct](#). A report involving an employee respondent will be investigated and managed by the Employee Services Department as per procedure [HS.1.2.1 Prevention of Violence](#). For further details on investigative processes, see accompanying procedure [HS.1.6.3](#).
4. SAIT is committed to procedural fairness and will respond to disclosures and reports of sexual assault, sexual violence and gender-based violence in a timely manner.
5. SAIT may identify and implement interim and/or permanent measures that are reasonably necessary to protect and support the survivor and the SAIT community, in compliance with SAIT's policies and procedures, SAIT collective agreements, and Alberta law. Measures include, for instance, alternate academic/workplace arrangements, voluntary measures to which the respondent has agreed, no-contact/no-communication

bans between the survivor and respondent and supporting survivors who are pursuing peace bonds and restraining orders.

6. No one shall retaliate, engage in reprisals, or threaten to retaliate against an individual for making a disclosure or report in good faith under this policy or accompanying procedures [HS.1.6.2](#) and [HS.1.6.3](#), for having participated or cooperated in an investigation or having been associated with someone who has proceeded under this policy or accompanying procedures. Anyone engaged in such conduct will be subject to the sanctions set out in procedure [HR.4.4.1 Corrective Action Procedures](#) (in the case of an individual who is a member of the SAIT community other than a student) or the non-academic misconduct provisions of procedure [AC.3.4.4 Student Non-Academic Conduct](#) (in the case of a student).

## DELEGATION OF AUTHORITY

1. SAIT’s president and CEO may approve procedures that are consistent with and supplemental to this policy, including those that interpret or provide examples of expectations as described in this policy; establish additional expectations to supplement those described in this policy; establish processes for reporting, investigating, and determining allegations, and provide avenues of appeal.
