

Course Delivery – Meet types

OA

Online Asynchronous

Courses are online but are not scheduled at a specific time (like a distance education course, students work on their own time).

Students do not come to campus.

OS

Online Synchronous

Courses (lectures usually) are fully online and scheduled at a specific time that the students are expected to attend.

Students do not come to campus.

OR

Online Remote Access

Courses are online and scheduled at a specific time and the students are required to attend and remotely log into the room listed.

Students do not come to campus.

OF

Online/Face to Face

Courses are scheduled for in-person delivery. If COVID-19 restrictions were to increase, we would follow government guidelines and move these courses online.

Students are required to come to campus once restrictions are lifted.

CLAS

Class courses

Courses (labs usually) are scheduled at a specific time and are delivered on campus in the room(s) listed.

Students are required to come to campus.
