

## **Advanced Care Paramedic**

### *Admission Requirements Equivalent Qualifications*

---

For the purpose of application, the following qualifications are recognized as equivalent to the 'Primary Care Paramedic or Emergency Medical Technician certificate' credentials as admission requirements for the Advanced Care Paramedic program at SAIT. In order to be considered eligible for program selection, applicants may demonstrate any of the following qualifications in lieu of the aforementioned admission requirements.

- Licensed Physician with at least one year of experience in the Emergency Room (ER), Cardiac Care Unit (CCU), Intensive Care Unit (ICU), or Neonatal Intensive Care Unit (NICU)
- Registered Nurse (RN) with at least one year of experience in the Emergency Room (ER), Cardiac Care Unit (CCU), Intensive Care Unit (ICU), or Neonatal Intensive Care Unit (NICU)
- Nurse Practitioner (NP)
- Physician Assistant (PA)

In the event your credentials do not align with any of the above, you are unsure, or for other inquiries, please contact the program by emailing [hps.info@sait.ca](mailto:hps.info@sait.ca) and [diane.roberts@sait.ca](mailto:diane.roberts@sait.ca).
