Donate

As much as we are honouring our history, we are also preparing for our second century. Contributions to the SAIT Centennial Award or the SAIT Opportunities Fund are just two ways that you can make a difference to the next generation of SAIT students:

The **SAIT Centennial Award** will honour the past by creating bright futures. With your help our Student Callers are aiming to raise \$50,000, and SAIT will match that amount with an additional \$50,000. Together, we'll create a historic \$100,000 endowment fund that will generate an annual award for students who are in financial need, and who have also demonstrated exceptional leadership and community involvement.

The **SAIT Opportunities Fund** supports important student development activities, such as academic counselling, mental health initiatives and career coaching, all of which aid in student retention. Donors who contribute \$100 or more to the fund will have their name engraved in a commemorative brick wall in front of SAIT's Heritage Hall. If you make your donation before May 30, 2016 your message will be engraved for you to see on Oct. 16 when you attend the 100th birthday party!
