# Medical Device Reprocessing Technician Selection Package

---

Dear Applicant:

Thank you for applying to the Medical Device Reprocessing Technician (MDRT) Program at SAIT. We are pleased that you have considered SAIT School of Health and Public Safety as your provider of your career training. Due to the number of qualified applicants we have a second part to the application process which requires additional documentation from you to complete the program selection process.

It is very important that you understand what is involved as a student in the program, and also, have a clear understanding of the duties and responsibilities involved in the career of a MDRT.

You will require a minimum passing score of 60% on your online selection package in order to continue in the selection process. Failure to meet anticipated final grades will result in offers being rescinded.

SAIT will not be able to disclose any information about your status or ranking during the selection process. Should you be offered a seat or placed on the wait list, the Registrar's Office will contact you either by letter or by email.

We offer the program by day and by distance (on-line) and you need to be aware of deadlines and who to contact for each program.

#### **For DAY Students and Distance program**

Please indicate on the on-line selection form if you are completing the form for Day or if Distance. If you have any further questions regarding the selection process, please contact Debbie McCluskey, Administrative Assistant for the program at SAIT at 403.210.4210 or email [Clinical.SupportServices@sait.ca](mailto:Clinical.SupportServices@sait.ca)

Complete the on-line selection package by the deadline noted in your selection email that you will receive from the program.

FOR REFERENCE ONLY

## Medical Device Reprocessing Technician Program Document Checklist

Name	SAIT ID Number (if available)
Telephone	Email
Please select the program session you are applying for. Fall Intake (September) - Daytime      Winter Intake (January) - Daytime      Distance (Online) - Open Start Date	

### Program Application

Use the following checklist to ensure you have included all documents in the package before mailing.

Upload Unofficial Post-Secondary Transcripts provided (photocopies or print-outs from the college/university website). You do not have to submit partial degrees or diplomas. We do not require the high school Admission transcripts you sent as part of your Application. Include your overall GPA if applicable

Customer Service, Communication and Volunteer experience section completed

Career Investigation and Program Awareness

Practicum Awareness form section completed Printed or Electronic Signature Not Accepted Do not list four options within one city ie. Calgary or Edmonton practicum locations . There are limited practicum placements within larger centers and you may have to move outside of the city.

**IMPORTANT-** If you have indicated that you are currently registered in courses or you are upgrading as required for admission to the MDRT program, you need to provide Admissions with an Anticipated Grade form. For Day-time students, you are required to provide a final grade by December 1st (winter intake) and August 1 (fall intake).

For Day-time and Distance students, failure to meet anticipated final grades will result in offers being rescinded.

## The selection form is comprised of four (4) parts

### Part 1: Post-Secondary Academic Achievements (worth 50%)

The program is able to access your admission requirement grades from the SAIT database so there is no need to resubmit them with this selection package. If you have taken other post-secondary education or training, please complete the following information.

**If you have prior post-secondary education indicate the name of Certificate, Degree or Diploma and educational institution:**

Name of certificate, diploma or degree: \_\_\_\_\_

GPA for certificate, diploma or degree: \_\_\_\_\_

- Provide a photocopy or print-out from the post-secondary website of your unofficial Post-Secondary Transcripts. You do not have to submit partial degrees or diplomas.
- Include a copy of your international assessment (e.g. IQAS) if you have an international credential.

Indicate if you have completed a formal course for the following skills? State the course name and where you took the course. Provide evidence of the course concepts.

Communications or professional development courses

Computers related courses or keyboarding

Customer Services Training

Phone etiquette

FOR REFERENCE ONLY

**Part 2: Customer Service, Communication and Volunteer Experience (worth 20%)**

The career skills required of a medical device reprocessing technician include: teamwork, customer service, professional, phone etiquette, communication, conflict management, computers and typing.

Provide a list of your experiences, volunteer, or extracurricular activities for the last 5 years.

The selection committee reserves the right to contact any organizations listed below. False information will result in removal from the selection process. If you require an additional page, please make another copy of this page.

FOR REFERENCE ONLY

### Part 3: Career Investigation (worth 20%)

The next section provides you with websites for you to review and answer the following questions. Use these questions as a guide to investigate both the program and the career. Your investigation must be completed in your own words and if any part of the document is plagiarized, you will forfeit your admission to the Program.

Selection materials are part of a student's academic record, and therefore, subject to academic misconduct (e.g. plagiarism, falsifying data) procedures as outlined in the Student Code of Conduct and will be followed as outlined in policy [AC.3.4.1](#).

- Review SAIT program information <http://www.sait.ca/programs-and-courses/continuing-education/courses-and-certificates/medical-device-reprocessing-technician-certificate>
- Review Alberta Learning Information Services for Sterile Processing Technician <https://occinfo.alis.alberta.ca/occinfopreview/info/browse-occupations/occupation-profile.html?id=71011099>
- Review the international website: <https://www.iahcsmm.org/>
- Watch the Sterile Processing Video - The Unsung Heroes of Infection Control : <https://www.youtube.com/watch?v=8xlw3u5RAek>
- Watch the CRCST Central Service Technician (IAHCSMM) [https://www.youtube.com/watch?v=LvHDAUXEoDM&list=PLch8a4\\_XqjT6tUoOJJsL3kyQeTW1U5h1](https://www.youtube.com/watch?v=LvHDAUXEoDM&list=PLch8a4_XqjT6tUoOJJsL3kyQeTW1U5h1)
- Attending SAIT Open House [sait.ca](http://www.sait.ca) scheduled in October and or student for the day is a valuable place to learn about the program and or career.

Type your answers in the space provided and answers will be listed in the websites stated above. Spelling, grammar, sentence and paragraph structure will be reviewed as part of the evaluation.

- A) International Association of Healthcare Central Service Material Management (IAHCSMM)
- B) Canadian Standards Association (CSA)
- C) Or both may be required

For Reference Only

**Practicum Awareness**

Name: \_\_\_\_\_ (please print)

MDRT practicum placements are extremely limited as outlined to you in the SAIT's Academic Calendar. Please read and sign the following agreement as part of the selection process.

- I understand practicum sites located in Calgary are highly limited and dedicated to the day program only at this time. Note: Less than half of the day program students may be assigned a placement in Calgary.
- I understand that each practicum site will provide me with an experience that will address the program requirements and may offer different learning opportunities from other students.
- I may have to move outside of the city and outside of the province.
- I am responsible for all moving related expenses associated with practicum.
- I am aware that I may work different shifts (e.g. evening shifts) during the practicum.
- I will work with the SAIT program instructor to try to determine a possible practicum site.
- I understand Students are not allowed to talk to the practicum sites and this is completed by the educational institute.
- I understand SAIT will try their best to allocate placements at my desired clinical site and there is no guarantee that SAIT will be able to provide you your desired clinical site.
- I understand practicum placement process and working through agreements and negotiations with partnering sites takes time. I will demonstrate patience through this process. SAIT will confirm the practicum and the site may not be confirmed until the final week in the program.
- I will be provided more information about practicum placements and allocations of placements at orientation to the program.

In the following section please indicate possible practicum locations where you might have family or friends to assist you in your living expenses. The program will communicate whether they are possible for a placement.

Note: Calgary and Edmonton sites include all hospitals. Calgary and Edmonton is considered one location and you must identify other sites as part of the process.

- 1) \_\_\_\_\_
- 2) \_\_\_\_\_
- 3) \_\_\_\_\_
- 4) \_\_\_\_\_

I understand and agree to the above information regarding the practicum.

Candidates who do not sign and return this practicum awareness letter will forfeit continuation in the selection process.
